Inside

MAIN FEATURES:

- **Mobile structure easy to move:** Thanks to its mobility kit, which includes wheels and handles, a single person can easily move the chicken coop, allowing for ground rotation and ensuring your chickens always have access to fresh pasture.
- **Exterior nesting box with easy access:** It includes an exterior nesting box specifically designed to prevent chickens from dirtying or breaking the eggs. Additionally, it has a practical foldable compartment for conveniently collecting up to 30 eggs.
- **Large capacity drinkers:** Equipped with a 55-liter water tank and 4 constant-level drinkers, ensuring your chickens always have fresh water available.
- **Perches for the chickens' rest:** Inside, you will find perches, ideal for strengthening the chickens' legs while they rest.
- **Foldable roof and manual sliding door:** The chicken coop's roof is foldable to facilitate interior inspection. It also includes a manual sliding door and a foldable ramp for the chickens' easy entry and exit.
